Access to
Automated
Pay
Services

For suppliers you wish to pay in-house, Create-A-Check is available as a self-managed pay option. For payments you wish to automate, the Create-A-Check subscription includes 350 automated payment transactions per month through our payment services platform.

You benefit from automated payment services right through your Create-A-Check software.

- Complete control over which payments you print in-house or automate
- Drastic reductions in processing costs
- 24/7 visibility into payment status vs. relying on the post office
- Customizable payment approval workflows
- Service teams for supplier management and payment follow up

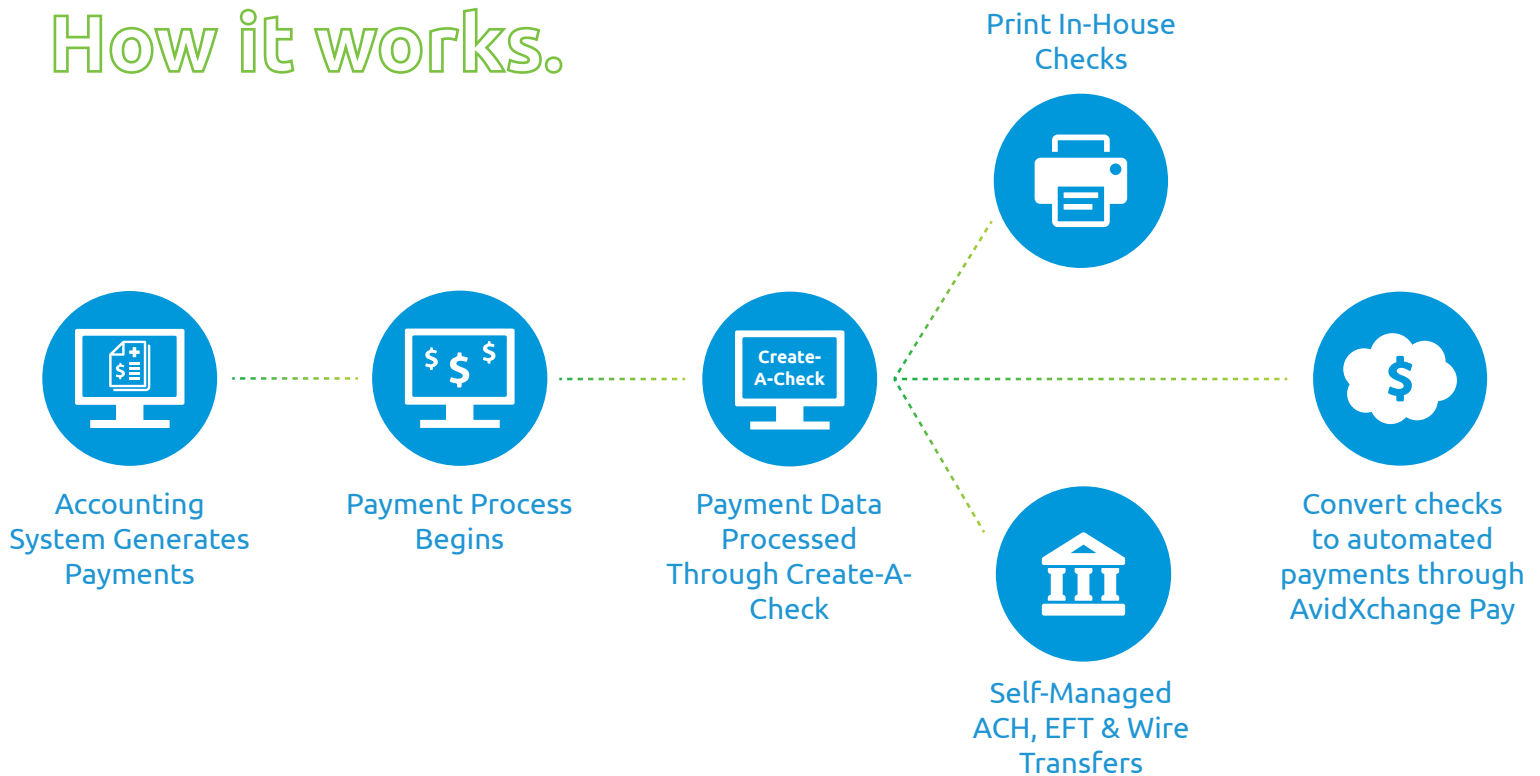

Cover the cost of your Create-A-Check subscription by sending payment transactions through AvidXchange Pay!

In addition to the above benefits, you'll experience state-of-the-art security and service, as well as increased vendor adoption of electronic payments with the eligibility for your company to earn rebates – at minimum covering the cost of your annual subscription.

All of the above is included for an annual subscription of just \$2,856.
