## AvidXchange Announces Integration with Sage 300 CRE to Streamline Payment Process for Users

---

**Charlotte, NC (April 23, 2014)** - AvidXchange is proud to announce the Sage 300 Construction and Real Estate, formerly Sage Timberline, integration to AvidPay, AvidXchange's business bill payment service. AvidXchange specializes in [AP and Payment Automation](#) for middle-market businesses and Sage is a leading supplier of business management software and services to more than 6 million customers. Sage 300 CRE, formerly Sage Timberline Office, provides accounting and project management solutions to construction, property management, and architect/engineering businesses. This specific integration between AvidPay and Sage 300 CRE is so exciting for end users, because it enables users to select payments within their accounting system and send them to AvidPay for payment execution with just a simple click of a mouse. In fact, processing 1,000 payments takes less than 18 seconds to transfer from Sage 300 CRE to AvidPay.

"This integration creates a truly seamless experience for our users, and is a great value-add for our clients because they will be able to streamline their payment process," commented Dennis Stejskal, Vice President of Strategy and Customer Retention for Sage Construction and Real Estate.

For years, Sage 300 CRE users have been able to completely eliminate their paper invoices with AvidXchange, and now with the addition of electronic payments users are able to eliminate 100% of the paper invoices and checks from their processes—from invoice receipt through payment. AvidXchange and Sage are committed to continuously improving the user experience for their clients, and this integration is another great example of how the companies are working together to ensure fast and easy implementation of all solutions with a robust offering to meet the ever-changing needs of their users.

"Our teams are very excited about this integration as a result of great collaboration between the teams at Sage and AvidXchange," commented Jay Plueger, VP of Product Management for AvidXchange. "The integration that we were able to build between AvidPay and Sage 300 CRE
