## 1. AvidPay Network: A Completely Automated Payment Experience

- Our clients typically convert 35-45% of their checks to e-payments by utilizing the AvidPay Network
- Reduce your overall payment processing costs by 60% or more
- Eliminate the cost and labor needed to print, sign, or mail checks
- Increase control with 24/7 visibility into your vendor payments
- Multi-level payment approval process increases overall visibility of your spend
- AvidPay is hosted in the cloud, allowing you to approve payments anytime anywhere
- Improve fraud control on 100% of your payments with more secure electronic methods and Positive Pay files produced for all check payments sent to the Network
- Vendor services teams work with your vendors to identify their accepted payment types
- Payment service teams ensure all payments have been received and provide vendor support
- Easy reconciliation because your accounting system continues to be the system of record

## 2. Self-Managed e-Payment Initiative

- Self-manage ACH, EFT, and Wire payments and submit payment file to your own bank
- Email remittance or printed .pdf copies for payee reference

## 3. Print Checks Locally to Blank Check Stock

- Help to eliminate check fraud by printing checks locally to blank check stock
- Encrypted digitized signatures securely replaces the manual process of signing checks
- Printing from several different bank accounts is as simple as selecting from a drop-down of your accounts
- Single level Payment approval process ensures a final approval on checks before they are printed
