Charlotte, NC (July 23, 2014) AvidXchange, leading provider of [AP and Payment Automation](#), is proud to announce their Platinum Sponsorship at [THEevent at Sage Summit 2014](#) taking place Monday, July 28th, at miX Lounge on the top floor of THEhotel at Mandalay Bay in Las Vegas. THEevent is hosted by several Independent Software Vendors (ISVs) that integrate with Sage ERP to enhance the end-user experience. Only the first 125 people to register and arrive will be granted entry for this VIP, invitation-only event.

AvidXchange's level of commitment to the event provides them with great opportunities to share their expertise in helping companies streamline their accounts payable process with the Sage community of partners and customers. They will also be hosting two [20-minute on-site demonstrations](#) of their solution on Monday, July 28th, at 12:30pm PT and 1:00pm PT.

"We are so excited to be the Platinum Sponsor of THEevent at Sage Summit," commented Paul Turec, Partner Sales Manager of AvidXchange. "We are looking forward to all of the opportunities to connect with both Sage partners and customers," added Turec.

Other sponsors include Advanced Pricing Logic, MSI Data, V-Technologies, and ERPVAR.

"We are thrilled to be sponsoring THEevent at Sage Summit. Our ERPVAR partners are critical to the success of our ISV community on ERPVAR. We are pleased to offer this small token of our appreciation at Sage Summit in addition to the inbound ERP software leads we provide them via ERPVAR.com," commented Adrian Montgomery of ERPVAR.

"Advanced Pricing Logic is thrilled to be a Gold Sponsor of THEevent at Sage Summit. We offer innovative big-data price optimization software which is well designed for Sage users with large SKU counts - especially those that need to control and track pricing on everything and must be able to execute profitable everyday pricing and promotions," commented Dave Leonard, Chief Executive Officer of Advanced Pricing Logic.

About Advanced Pricing Logic

[Advanced Pricing Logic](#) is proud to present true value based price-analytics and price optimization thanks to the Promoter® total price management solution. The impact that Promoter's intelligent price management will have on an organization's bottom line is breathtaking. Our robust solution presents an invaluable pricing toolset that sets the stage for a deeper understanding of what drives price – and in the process, revenue and profit. Making the transition from price-follower to price leader should not have to be a painful, misunderstood process. See what true price optimization through the Promoter® software suite from APL can do for your organization.

About MSI Data

Our mission is to help organizations improve the productivity of their field workforce. Whether the field workforce consists of 25 workers or 2,500, there is a direct correlation between the productivity of that workforce and the information management tools and methods the organization employs. MSI Data's software provides easy to acquire and easy to deploy solutions for managing all aspects of enterprise wide service management, including call center, dispatch, contracts management and spare parts inventory; scheduling optimization and routing; and true mobile applications for the field workforce, including inspections, field service and field sales. Contact us at www.msidata.com.

About V-Technologies

Founded in 1987, [V-Technologies](#) is a leading provider of integrated shipping solutions. We celebrate our 25 years by continuing to expand our offerings and staying focused on developing sophisticated shipping solutions that remain easy to use and implement. Our niche is integration – providing the link between ERP, accounting and business applications and the warehouse resulting in faster, more efficient, shipment processing as well as front office visibility.

About ERPVAR

[ERPVAR](#) is committed to providing customers who are evaluating ERP systems with personal and professional guidance in their evaluation. Our goal is to enable ERP customers with the right information and the best team to help with your growth goals. Contact us today to benefit from our combined 30 years of ERP industry experience.
