Charlotte, NC (January 13, 2014) – AvidXchange, leading provider of AP automation and payment automation solutions for midsize companies, announced today that they will be offering two free webinars in January to help companies eliminate their need for paper invoices and checks in the new year. AvidXchange is so committed to helping companies lose the paper weight for good that they are offering all attendees a **free copy** of *The 8 Pitfalls of AP Automation*, written by Author and Automation Expert, Christopher Elmore, who will be hosting the webinar, "[Lose the Paper Weight](#)", on January 22nd.

The first webinar in the series, "[The AP Cleanse that Works](#)", is designed to jump start companies' AP year by focusing on best practices for managing their vendor database. Having an accurate and up-to-date vendor database alleviates a lot of the pain associated with tax and audit season. During this time she's developed a lot of great best practices that she's always happy to share with other industry professionals to make their lives easier.

Rhonda will share her best practices for:

- AP Internal Controls
- Master Vendor File Database Clean Up
- 1099's
- Escheatment Compliance
- Remaining Compliant with New Tax Laws

The second webinar, "[Lose the Paper Weight](#)", features Author and Automation Expert, Christopher Elmore, on Wednesday, January 22nd at 2:00PM EST. Christopher Elmore will be teaching attendees how to calculate their cost per process, optimize an existing automation project or start an automation project with all of the tools and knowledge necessary to be successful.
